Herewith, we (=editors represented by 'FROM:') announce to put our **proceedings volume**

TITLE: HumL@ISWC 2018
(Augmenting Intelligence with Humans-In-the-Loop)
SUBMISSION FILE NAME: HumL-ISWC2018

on the WWW site CEUR-WS.org for online publication. We agree that the proceedings volume is **freely accessible** from the CEUR-WS.org and its **official mirror or archive sites**, in particular TIB.EU. We as editors of the proceedings volume confirm that the copyright is settled with the authors of papers in the proceedings as follows via a non-exclusive copyright transfer by the authors to us (=the editors of the proceedings volume):

The papers' authors continue to hold the copyright of their papers. We explicitly hold the right to publish the proceedings as a whole (=collection of all papers) electronically and on any other media. We authorize CEUR-WS.org to implement the publication of the above proceedings volume as a free open-access publication.

Further,

we agree to publish the proceedings metadata including the bibliographic data of the proceedings as contained in the index file under the Creative Commons License CC0 (public domain).

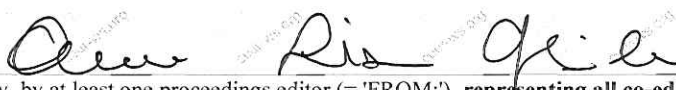

We checked with authors that the right version of their paper is included. We have read and accept the legal disclaimer stated in <http://CEUR-WS.org/disclaimer.html>. We understand that we are the **publishers** of the above-mentioned proceedings volume at CEUR-WS.org. We understand that changes to a published volume are not possible. The only exception are corrections of misspelled author names, titles, affiliations in papers or in index.html indicated to CEUR-WS.org not later than **2 days** after the date of publication at CEUR-WS.org. We are aware that corrections on archived volumes are not longer possible. The deletion of a volume does not apply to the long-term archived copy of the volume (which is not publicly accessible).

We followed the rules specified in CEUR-WS.org/README.html and have informed the papers' authors about them as well. We checked that our submission is free of the errors listed in CEUR-WS.org/README.html#TOPERRORS.
